

Greetings, I am Alejandro Mosqueira, I am currently a Junior at SDSU majoring in History with the hopes of teaching it in the near future. I have been shooting for about 8 years, I started shooting at the Roadrunner Archery Club and was also involved in Olympics at School. During my time shooting I have competed in international competitions and ranked nationally. I first started to attend New Hope around 8 years ago and it was a wonderful decision. Since then I have volunteered at New Hope in the Centro Shalom trips, serving as a translator, and once in the Summer Science Camp, also as a teaching assistant. I am leading the New Hope Young Adults small group and mentoring two young men in the New Hope Student Ministry, I also am the band (musician) leader of the New Hope Worship Team. I am eager to get involved with the After School program and I am looking forward to meeting you all!

See you soon,
Alejandro Mosqueira
